Description

Incredible space inside and out of this freestanding, corner townhome on an oversized lot. The white picket fence greets you to what feels like a single family home with abundant yard area around all sides. The front porch leads to the entry hall with direct access to the 2 car garage. Lots of flowing living space begins with the living room open to the side patio and yard. Continue to the formal dining room, ideally adjacent to the kitchen with additional eat-in nook. Next is the generous family room with fireplace and 2 sliding glass doors out to the backyard. Complete with a patio large enough for a table and chairs set plus the included hot tub, the backyard also offers plenty of grass and garden space perfect for playing with kids or pets. Recent upgrades include rich wide-plank hardwood flooring and recessed lighting. This traditional floorplan features all 4 bedrooms together upstairs, convenient to the sunny laundry room, plus a second family room or bonus space with vaulted ceiling. The oversized Master suite boasts a second fireplace, balcony overlooking the backyard, walk-in closet, spa tub, separate shower, dual sinks and vanities. This rare property presenting a massive amount of square footage inside the home as well as surrounding yard space is ready for you to personalize and call it home! Located in the heart of North Redondo Beach close to shops, restaurants, desirable schools, the beach and freeways. Move in just in time for summer!
